***(RSVP's are requested by April 13, 2015)***

Please join us for the next SCAP Biosolids Committee meeting of the year, which consist of a tour of the Nursery Products Composting Facility near Hinkley, CA.

The 80-acre composting facility is located 23 miles west of the City of Barstow, approximately 8 miles west of Hinkley, and approximately 12.3 miles east of Kramer Junction. The site is approximately one mile south of State Route 58 and one mile west of Helendale Road. The Composting Facility is located on land owned by Nursery Products, LLC, near the abandoned Hawes Airport. Current elevations on the property range from about 2310 to 2330 feet above mean sea level.

The Composting Facility provides local, cost-efficient biosolids and green material composting capacity for San Bernardino County and the Inland Empire that complies with applicable Federal, State and local requirements for safely handling these materials to generate Class A compost. The Composting Facility was designed to receive an average daily

total of 1,100 wet tons of biosolids and green material (approximately 400,000 wet tons per year (tpy). Clean soil or other inert materials (i.e. sand, gypsum, sawdust) is used as a bulking agent or amendment as needed.

All attendees are to meet at **Starbucks located at 2835 Lenwood Road, Barstow, CA 92311, at 10:00 a.m. on April 16, 2015.** Jeff Meberg, President of Nursery Products, will escort attendees to the facility. In addition, attendees are responsible to bring their personal protective equipment such as a hard hat, closed toe shoes, and safety vest and eyeglasses.

If you are planning to attend, please be sure and RSVP to [pmerriam@scap1.org](mailto:pmerriam@scap1.org) at the SCAP office by close of business on April 13th.
